PARK RULES

Welcome to the refreshing oasis of natural history.

Barrocal Park aims to protect one of the most important patrimonial and landscaped assets of Castelo Branco and preserve the geoecology.

Barrocal is a place for everyone to enjoy but most of all it belongs to the ones that permanently inhabit it, the existing fauna and flora.

Please respect the rules and have a responsible behaviour, this way you will be helping to protect Barrocal resources and to improve the existing ecosystem for future generations. The rules are few and if we follow them, we can enhance nature's impact on us.
